Republika

your electric  
your electric hot waves  
running through all  
running through all my nerves  
burn my fingers  
burn my fingers and lips

Send on fire  
Send on fire each kiss

every touch of  
every touch of your hand  
paralyzes  
paralyzes my breath  
tangled wires  
tie my hands and my knees  
your electrodes  
in my heart, in my dreams

every touch of  
every touch of your hand  
paralyzes  
paralyzes my breath  
tangled wires  
tie my hands and my knees  
your electrodes  
in my heart, in my dreams

cold electrodes  
tangled wires
