

The Plan

Republika

if everything develops well
as it is in the plan
we'll know exactly what to do and feel
in five or seven years
well calculated wars and treaties
a perforated world
at last everything will happen
according to a plan
to a plan
to a plan

a great plan
for many years
a great plan
for many years-years

we'll dance together cha-cha-cha-cha
if it is in the plan
we'll laugh and suffer pray and murder
according to the plan
and maybe one day I will kiss you
if it is in the plan
if it's included in the schedule
of what I can't and can
can't and can
can't and can

a great plan
for many years
a great plan
for many years
a great plan
for many years.

we'll build a ministry of planning
and plan the world ahead
we'll calculate the past and future
of all the universe
we'll fix a plan for all the planets
a plan for all the stars
computers finally will work out
a plan for all of us
all of us
all of us

a great plan
for many years
a great plan
for many years.
a great plan
for many years

for fifty years
for a hundred years
a thousand years
a million years
a billion years

a trillion years

a trillion years
