If only you believe like I believe baby
We'd get by
If only you believe in miracles baby
So would I

If only you believe like I believe baby
We'd get by
If only you believe in miracles baby
So would I

I might have to move Heaven and earth
To prove it to you baby
So we'll make love when you feel the power
And I feel the power

Then there's really nothing we can't do
If we wanted to
You know exist on a side, it'd be so easy
All we gotta do is get a little faith in you

If only you believe like I believe baby
We'd get by
If only you believe in miracles baby
So would I

If only you believe like I believe baby
We'd get by
If only you believe in miracles baby
So would I

I can't hear windmills and rainbows
Whenever you're walking with me
And I feel like swirling and dancing
Whenever you're walking with me

You feel like a river when I touch you
When I pluck your body like a string
When I started dancing inside you
It makes me wanna sing, oh baby

Oh I need you, oh baby
I need you
I need you my baby
Oh yeah all right

Baby we can do it tonight
Oh yeah, all right
Baby we can do it
Baby we can do it tonight

If only you believe like I believe baby
We'd get by
If only you believe in miracles baby
So would I

If only you believe like I believe baby
We'd get by

If only you believe in miracles baby
So would I
