I wanna glow like bottled lightning
Feel my aura radiating
Head to toe I'm gonna shimmer bright
Come on and let me show you
What I like, like, like
Sunlight streaming through my senses
Ripples in my heart reflecting
What I want, want, gotta see what's there inside

Feel it in the air
Blowing through my hair
That intoxicating scent
Got a spring in every step
My heart moving fast
There's no turning back
I've been waiting too long

Baby, we are growing up
Lately, I can feel the rush
Can we go ahead and jump
Better keep up, keep up, keep up
I don't wanna miss a moment of this story
I'm so curious
Wanna spark a, spark a fire
I'm burning brighter today

Glow up
That, that, that, that glow up
That, that, that, that glow up
That, that, that, that glow up
Brighter today (Glow up)

That, that, that, that, that glow up
That, that, that, that glow up
That, that, that, that glow up
Brighter today

Take a look inside
You're like a diamond
You don't have to hide
I see your truth shining through (Ooh, yeah)
Yeah, I like it, like it
Yeah, I like it, vibin'
Don't ever wanna slow down
You're gonna taste with me?
Let's go right now

Walk on air not a single care
Can you feel that gentle breeze
Saying 'follow, follow me'
I'll go down this road 'cause I know
I hear the call of hope
Just forget tomorrow
Time has come

Baby, we are growing up
Lately, I can feel the rush
Can we go ahead and jump
Better keep up, keep up, keep up
I don't wanna miss a moment of this story

Wanna spark a, spark a fire
