

Lost between the ups and downs  
It's hard to deal with the absence  
I am painfully watching the ground  
I can still feel your presence, your essence

From the beginning to the end  
From the end to the beginning  
Set in stone, above it all  
From the beginning to the end  
From the end to the beginning  
Timeless, eternal

The man's waiting for the vessel to come  
The lady's already gone  
Where the skies join the seas

They say it's harder for the one who stays  
Now I can say I finally understand  
No matter how hard it seems  
No matter how hard it is  
I will carry on

Our passage's like a burning piece of paper  
Defined by the tales we write everyday  
A life fully lived burns brighter  
Spreading ashes on its way

So many things I wanted to say  
So many things neglected  
So many remorsees are haunting me  
So much pain in my heart  
So many tears in his eyes  
How much time will it take to finally be by your side again?

They say it's harder for the one who stays  
Now I can say I finally understand  
No matter how hard it seems  
No matter how hard it is  
I will carry on

And once again, I'm asking to myself  
When I'm gone, will someone miss me as much as I miss you?
