

Watching, roaming
No goals, no pressure
Surrounded by nothing
I feel like a ghost, invisible, unassailable

Lying in the dark, my own creation
Draining my heart, my absolution

A peaceful space where you don't exist
It's out of time, it feels like home, it's mine

Just me, myself and I
Lost in the undefined
There's no darkness, there's no light
But still it's kind of bright
And I know everything is made
Everything's made to be broken
In a breath, it starts to fade away
I feel heavy like the lead, I'm scared, I'm falling
What the hell is happening to me?
I can feel them all around again
This fall is unstoppable
And I think I knew it 'cause I've built these walls
I've built these walls

Is it ok to escape from yourself?
When everything is tasteless
I can feel them all around again
I've built these walls

I can feel them all around again
I have to be brave and realize I just closed my eyes for a second
