

With Love

Resolve

I found myself in the water
I found myself in the trees
I found myself in the contemplation
And buried all of this inside of me
Gathered as an ode, a testimony
A truth to be told
From the depths of my beliefs
I'll give you all I have
'Cause you're the only thing I need
Of delusion, of doubt
But most importantly built
With love

I found myself in the water
I found myself in the trees
I found myself in the contemplation
And buried all of this inside of me
Gathered as an ode (Gathered as an ode), a testimony (a testimony)
A truth to be told (A truth to be told)
From the depths of my beliefs
I'll give you all I have
'Cause you're the only thing I need
Of delusion, of doubt
But most importantly built
With love
