

## Head Over Heels

Restless Road

It's like the world stopped when you walked in  
And that old jukebox just forgot how to spin  
Yeah, you caught everybody's eyes  
When you walked in this dive  
I swear I'm never like this but tonight

I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way  
Got my mind spinning like a tilt-a-  
whirl, hallelujah, good Lord almighty  
She got me mesmerized when she walks by  
I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way

Yeah, I lost every dollar I got  
Buying round after round just to give me a shot  
Of two-stepping right out of here with you, yeah  
I don't know how not to lose

My head over heels in a red sundress and them ruby-  
red lips looking my way  
Got my mind spinning like a tilt-a-  
whirl, hallelujah, good Lord almighty  
She got me mesmerized when she walks by  
I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way

Play that thing  
If I got you by my side  
I'll be like this my whole life

I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way  
Got my mind spinning like a tilt-a-  
whirl, hallelujah, good Lord almighty  
She got me mesmerized when she walks by  
I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way  
She got me mesmerized when she walks by  
I'm losing my head over heels in a red sundress and them ruby-  
red lips looking my way
