

## Last Rodeo

### Restless Road

I bet you thought I'd hang it up when you hung me out to dry  
You hit me with the goodbye faster than a eight-second ride  
Thought you were the best damn thing that I'd ever had  
Thought that I'd give up on love but

This ain't my last rodeo  
I might be bruised but I ain't broke  
Back in the saddle, back on the road  
This ain't the first time or the last time  
That I'll ride, ride, ride  
Off to the next, straight out the gate  
You think I'm down, but just you wait  
I'll dust off this heart, put on a show  
This ain't my last rodeo

I'm already ready for a new sunset to run into  
'Cause all you are's another scar from the hell you put me through  
You ain't gonna catch me crying, over a whiskey glass  
And I hate to break it to ya

But this ain't my last rodeo  
I might be bruised but I ain't broke  
Back in the saddle, back on the road  
This ain't the first time or the last time  
That I'll ride, ride, ride  
Off to the next, straight out the gate  
You think I'm down, but just you wait  
I'll dust off this heart, put on a show  
This ain't my last rodeo  
This ain't my last rodeo  
This ain't my last rodeo

This ain't my last rodeo  
I might be bruised but I ain't broke  
Back in the saddle, back on the road  
This ain't the first time or the last time  
That I'll ride, ride, ride  
Off to the next, straight out the gate  
You think I'm down, but just you wait  
I'll dust off this heart, put on a show  
This ain't my last rodeo  
This ain't my last rodeo  
This ain't my last rodeo
