

Dead to the World

Resurrection Band

More than addicted she was DOA
Sellin' body and soul in bad habit USA
Now she motivated got herself a Friend
Got her head straightened out gonna start
A new life trend
And she ain't got nothin' to lose
Since she found out the truth she is dead to the world

Dead-dead to the world

Thought he wanted money lookin' for a name
But when the sun went down he couldn't buy the light of
day
When it finally came it was no surprise
He'd been prayin' so long with a fire in his eyes

Now he ain't got nothin' but nothin' to lose
Since he found out the truth he is dead to the world

Now they ain't got nothin' to lose
They would rather follow truth
Now they are dead to the world

Used to be a sinner runnin' from the law
Tryin' to save my life but I was losin' it all
Got myself a Lawyer, got myself a Friend
Got myself a Lover whose love is never gonna end
Now ain't got nothin' but nothin' to lose
Since I found out the truth I am dead to the world
