

I Fell Down

Retard-O-Bot

Not too hard
(?) so hard i blew my wad
Oh shit, I fell down
Broke my ass and broke my crown

Your balls have dropped
Now your doomed
Whats a boy
sposed to do?
Groan around,
Obsolescent
Not your fault, don't regret it!

Your no long so don't admit it
and your bottles warm
?

I close my eyes
And go to work
I just need to be alone
We've seen too much of eachother
I'm the missing piece of the (cover?)

Not too hard
(?) hard i blew my wad
Oh shit, I fell down
Broke my ass and broke my crown

Not too hard
(?) hard i blew my wad
Oh shit, I fell down
Broke my ass and broke my crown

Stopped caring
We're so dependant
Oh fuck
Do you know what I meant
I don't wanna argue
I'm walking away
Ready to cycle day after day
