

Once

Reuben

So anyway
I was about to say
Well I'm afraid
Of slipping right away
Ill prepared
I am so ill prepared
If you concentrate
You can learn it in a day

I'm so suicidal I can't see
I watch Ren & Stimpy on TV
And in the morning I will bleed
My life was wasted on me
On me
Yeah yeah

What is it
That keeps the beat in my chest
It makes me breathe
I never really knew
All these years
I have lived on my own
All my fears
Are slowly coming true

I'm so suicidal I can't see
I watch Ren & Stimpy on TV
And in the morning I can't breathe
My life has wasted me
On me
On me
On me

So I gotta think in straight lines
Stop accumulating dust and
Get a job of something I love
And respect myself and others
And I gotta see my own man
Find out who he is before long
And I gotta see my own man
Find out who he is before he
