

## Stealing is Easy

Reuben

'we' has just been reduced to 'me'. guess that's how it has to be

But i don't really mind cos all i wanted to do was fuck around  
She seems disgusted by my plea, bring her best friend and make it three

And it's all for the fun, cos all i wanted to do was fuck

And the way she looks when she looks at me,

We have this thing

I make half of the recipe, rip strips off the enemy

Suits me down to the ground, yeah all i wanted to do was fuck a round

She puts hooks in the love machine, plays sinking the pink  
And all i want to is fuck, all i want to do is fuck, all i want to do is...

Oh, the way she looks when she looks at me, we got no serious future together.

I like sleeping, i like eating. i like food and i like beds.

Whos bad?

I like the music here, i like the band, man!
