

## Born 2 Destroy

Rev Theory

Here comes the coma call  
Red writing on the wall  
Black thoughts inside my head  
Full chamber packed with lead

My bad habit, no one can stop it  
One white rabbit down the hole

Born to destroy  
Here come the noise  
Born to destroy  
Here come the noise (born to destroy)

Life is the enemy  
Darken the energy  
Locked to the Devil's dance  
Lined up, you lost your chance

My bad habit, no one can stop it  
One white rabbit down the hole

Born to destroy  
Here come the noise  
Born to destroy  
Here come the noise  
Born to destroy (born to destroy)  
Here come the noise  
Born to destroy (born to destroy)  
Here come the noise

No leader of men  
Broken, unholly, falling  
No future within  
Consuming me slowly, dying  
(No future, no future, no future)

Born to destroy  
Here come the noise  
Born to destroy  
Here come the noise  
Born to destroy (born to destroy)  
Here come the noise  
Born to destroy (born to destroy)  
Here come the noise
