

I've got no time, get out of the way  
'Cause I've got too much left to say

In retrospect, it was all a delusion  
No prophets, no solution  
In retrospect, it was all a delusion  
No prophets, just blind pollution

The world's fucked up  
We're all on drugs  
The world's fucked up  
We're all on...

We're all on drugs  
We're all on drugs  
We're all on drugs  
We're all on drugs  
We're all on drugs  
We're all on drugs

No prophets  
No prophets, just blind pollution  
We're all on drugs  
We're all on drugs  
No prophets  
We're all on drugs  
We're all on drugs  
No prophets, just blind pollution  
We're all on drugs  
We're all on drugs

The world's fucked up  
We're all on drugs
