Rev Theory

I know a place
You can't erase
Your name the rules don't apply
We got your back
So just relax
And come along for the ride

Come play, come play my game
Come play

Welcome to the Wildlife
Living on the wrong side
Taking everything that's in sight
We steal from the light
Wildlife
Living on the wrong side
Taking everything that's inside
We steal from the light
Welcome to the Wildlife
Welcome to the Wildlife

We are the fathers of the new breed fanning the flame
Too fast to kill
So take the pill
And feel the greed in your veins

Come play, come play my game
Come play

Welcome to the Wildlife
Living on the wrong side
Taking everything that's in sight
We steal from the light
Wildlife
Living on the wrong side
Taking everything that's inside
We steal from the light

Wildlife

No shame
You would sell your soul to play the game
Taste fame
Will it be enough to kill the pain?
Kill the pain
Kill the pain!
