

Black Rites

Revenge

Down in the fog, there is no light
Fighting the world, taking your life

Unleash the firing rage
Kings of evil, rising in hell

The ancient rites to the gods of death
Fear the power that comes with rage

Daughters of lust, apostles of dust
Enslaved souls, the morbid thrash

Unleash the firing rage
King of evil, rising in hell

The ancient rites to the gods of death
Fear the power that comes with their rage

Down in the fog, there is no light
Fighting the world, taking your life

Unleash the firing rage
Kings of evil, rising in hell

The ancient rites to the gods of death
