

Intro - Hell Avenger

Revenge

Running by the streets
Reckless and wild
Riding my motorbike
Feeling me young and alive

No one can stop my Fuckin' race
Danger and death I defy!

Let's go to Hell!
And there hail the horned one
I live in the edge
Born to be rebel and wild

No one can stop my Fuckin' race
Danger and death defy!

Rebel and wild!
Satan in my mind
Metal is my Life

And I'll learn to you
Thousand ways to die
We meet together my friend
He's face in the fire

No one can stop my Fuckin' race
Danger and death I defy!

Rebel and wild!
Satan in my mind
Metal is my Life

Rebel and wild!
Satan in my mind
Metal is my Life
