

Vendetta

Revenge

I like the way that I make you fear
And how you run when feel me so near
The way you hide your tail in your ass
And how you turn your back fearing my blast!

I know you wanna scream in pain
But your hate is just a losing game
Fucking loser!!!

Vendetta 666...
Listen to my venom!

I like the way you hide in the shadows
Like a toothless dog you only can to halloo
And I know you try to hold me down
But you end up driven to the ground
For every one comes the reckoning day
Soon or later you will dig your own grave
Bastard!!!

Vendetta 666...
Listen to my venom!

I like the way that I make you fear
And how you run when feel me so near
The way you hide your tail in your ass
And how you turn your back fearing my blast!

I know you wanna scream in pain
But your hate is just a losing game
Fucking loser!!!

Vendetta 666...
Listen to my venom!
