

Detonator

Reverend and the Makers

You understate ya
Bit of a taste for
Everything's lowest common denominator
Though you're a waiter
A calculator
There must be some way I can hit your detonator

Ya detonator

Ya detonator
Ya detonator
Ya detonator

You're no agitator
More a spectator
Compare the two and maybe tell me what's the greater
So what d'ya say to
Little bit later
I take ya somewhere we can hit ya detonator

Ya detonator

Ya detonator
Ya detonator
Ya detonator
