

Monkey See, Monkey Do

Reverend and the Makers

She's got to be a whore in the bedroom
But the Virgin Mary when you take her out
You've both had a few so I owe you
We're only old, but she's been about

Please, don't get me wrong
I'm a part of the flock
Stuck up in this tree
And we're revolving out here too
You know that monkey see, monkey do
You know that monkey see, monkey do

She's got to be a whore in the bedroom
But the Virgin Mary when you take her out
You've both had a few so I know it's true
It's often not that way about

Please, don't misconstrue
For I'm no smarter than you
Stuck up in this tree
And we're revolving out here too
You know that monkey see, monkey do
You know that monkey see, monkey do
You know that monkey see, monkey do
