

# The Beach And The Sea

Reverend and the Makers

I'll be the beach and you be the sea  
I want you to wash all over me  
I'll be the beach and you be the sea  
I want you to wash all over me

I'll be the beach and you be the sea  
I want you to wash all over me  
I'll be the beach and you be the sea  
I want you to wash all over me

I'll be the branches, while you be the breeze  
Bend and shake me any way you please  
I'll be the beach and you be the sea  
I want you to wash all over me

I'll be the beach and you be the sea  
I want you to wash all over me  
All over me  
All over me  
All over me  
All over me
