

The Machine

Reverend and the Makers

TJ don't want no less
Can't think, can't talk, must process
No practice, no sample
Must earn, must learn, must trample

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out of the machine

TJ don't want no less
Can't think, can't talk, must process
No choice, no prospectus
More money, you must respect us

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out of the machine

Get born, get stupid
Get born, get stupid
Get born, get stupid
Get born, get stupid
Get born, get stupid
Get born, get stupid
Get born, get stupid
Get born, get stupid

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out

Don't forget, you can get off the conveyor
Don't forget, you can get off the conveyor
When you want, you can get off the conveyor
When you want, you can get out
