

Play For Keeps

Revis

Dismantled senses don't
Realise
How the fences have
Gone so high
The date is flying at
The speed of lights
Working over time to keep
A dream alive

Oh how the wind is
Howling high
Carries not a word
To testify
Oh the quite room with
Saddened cries
In their home

Cold winds bring in cold showers
Silence some [?]
Never get a play for keeps
Never get a play for keeps
Flying high as a tower
Voices sing by the hour
Never get a play for keeps
Never get a play for keeps

[?] life
Sacrifice
Blew out the candles and
Lifted their eyes
And watched the dawn as it
Began to rise
Over that home
I am by

Cold winds bring in cold showers
Silence [?]
Never get a play for keeps
Never get a play for keeps
Flying high as a tower
Voices sing by the hour
Never get a play for keeps
Never get a play for keeps

Cold winds bring in cold showers
Silence [?]
Never get a play for keeps
Never get a play for keeps
Flying high as a tower
Voices sing by the hour
Never get a play for keeps
Never get a play for keeps
