

SNAKE

Revnoir

You're a snake

No, I don't know who I am
Better know what I am meant for
Fucking with the team
Will have me knocking down like ten doors
Poison through my veins
I'ma make sure that you get yours
Stash it in my house
You can find it in my bed drawers
Come for my neck, I'll come for yours
You'll have a panic attack
You got the front all covered up
But we came right thru the back
Can't see my face
I got it covered got no time to lay back
It's Yung Zime YZ, I'm a damn maniac

Hear the snake pit from a mile away
Hear the cries of your mind insanity
And when the sky is falling
You will hide in vain
Pray to God that you atone
Open graves you're killing ghosts
Massacres you're burning souls
Slyly slither, slip away, fear the silent sway

It's time to break away
You're about to feed the lies
Break away
'Cause that's the devil in disguise
You want to fall in love with falling all apart
With the mind of a monster
Dread the snake

Hypnotized, broken down
Chains on my feet
Look me in my eyes, I've been through a lot
I'll handle heat
I ain't scared of nun
Told myself I'm useless on repeat
Watch your ugly mouth, better take a seat
Come on, spit it to my face
Keep on choking me to death
Didn't hear a single pulse yet
Waiting for the moment you drop out
I'll fight for this

It's time to break away
You're about to feed the lies
Break away
'Cause that's the devil in disguise
You want to fall in love with falling all apart
With the mind of a monster
Dread the snake

I can't feel my legs

It's getting of control
I'm standing on the edge
Of the serpent's hole
To numb the pain

It's time to break away
You're about to feed the lies
Break away
'Cause that's the devil in disguise
You want to fall in love with falling all apart
With the mind of a monster
Dread the snake
