

Lessons in Occult Theft

Revocation

[Verse 1]

A solitary candle illuminates the ritual
The seance shall commence at the toll of midnight
A frigid cold chills the air as questions are asked of the spirit board
Invisible hands now guide the planchette

[Pre-Chorus]

Call it by its name, will it into existence
The Audient Void replies in ominous whispers
Feel its presence, sinister and primordial
Multifarious, its forms innumerable

[Chorus]

Demoniacal possession
Tormented by abyssal wisdom
Unholy insurrection
Mesmerized by blasphemous visions

[Verse 2]

Contorted, the metamorphosis has begun
Eyes rolling backwards, speaking in tongues
A fruitful host for this demonic seed
The candle now ablaze as the medium levitates
His vile transformation now complete

[Pre-Chorus]

Call it by its name, will it into existence

The Audient Void replies in ominous whispers
Feel its presence, sinister and primordial
Multifarious, its forms innumerable

[Chorus]

Demoniacal possession
Tormented by abyssal wisdom
Unholy insurrection
Mesmerized by blasphemous visions

[Bridge]

With knowledge comes consequence
Hard lessons in occult theft
Forsaken by the exorcist
This vessel of malevolence
With knowledge comes consequence
Hard lessons in occult theft
Forsaken by the exorcist
This vessel of malevolence

[Chorus]

Demoniacal possession
Tormented by abyssal wisdom
Unholy insurrection
Mesmerized by blasphemous visions

[Outro]

Infernal upheaval of the holy spirit
Perpetually bound to He, the lurker of the abyss
