

7 am, I'm waking up
Guess that I should have kept the curtains shut
I'm gonna be a better man someday
7 am, I'm out of luck
Guess that I should have tried to give a fuck
Guess that I was doing it wrong this time, wrong this time again

I'm not good at this, I'm fucking up
I got used to failing but I'm not dumb
So excuse me if I'm wasting all the fun

I know that I wanna be independent
I really wanna prove myself today
But what if I'm hopeless and dependent?
Once again, should I pack up or stay?

I'm no good at this, I'm fucking up
I got used to failing but I'm not dumb
So excuse me if I'm wasting all the fun

What if I'm not cut out for this
And I keep wanting to call it quits?
What if I'm not cut out for this
And I keep wanting to call it quits?

What if I'm not cut out for this
And I keep wanting to call it quits? Yeah
What if I'm not cut out for this? Whoa
And I keep wanting to call it quits? Oh whoa
