

Pluto Projector

Rex Orange County

The great protector, is that what I'm supposed to be?
What if all this counts for nothing, everything I thought I'd be?
What if by the time I realize it's too far behind to see?

70 mil' projector, I can show you everything, yeah
And we're on our way to glory where the show won't ever end
And the encore lasts forever and there's time with you to spend

Spending the years together, growing older every day
I feel at home when I'm around you and I'll gladly say again
I hope the encore lasts forever, now there's time for us to spend

And it's sublime with you, my friend
This right here still feels like a honeymoon, when you say my name
Nothing's changed, I'm still a boy inside my thoughts
Am I meant to understand my faults?

I don't think so
I don't think I'm meant to understand
Myself
Maybe you do and that's good for you
Maybe in time, maybe one day
I'll do the same

I'll do the same, I'll do the same, I'll do the same

I'll do the same as you, I'll try and hold it up
Soon I hope or as soon as I'm old enough

Old enough to understand

Old enough to understand

Stay forever, you know more than anyone, yeah, woah-oh
And it's you that knows my darkness and you know my bedroom needs
You could blast me and my secrets, but there's probably just no need
