

## THE SHADE

Rex Orange County

I was closing all the blinds just so you could sleep the night  
through  
I was staying by your side, just so I knew you were okay  
Then I was opening the door just to see if you would walk throu  
gh  
I started painting all the walls just to see if you liked the s  
hade

I would love just to be, stuck to your side  
Not with anybody else, anybody else  
It's enough just to keep us occupied  
Please don't go  
I would love just to be stuck to your side  
Not with anybody else, anybody else no  
It's enough just to keep us occupied  
Please don't go

You were holding out your hands  
Hoping I'd be there to hold too  
I went out to Amsterdam  
Just so I could give you some space  
But I kept opening my door just to see if you would walk throug  
h  
But now I'm painting all my walls just to see if you like the s  
hade

I would love just to be, stuck to your side  
Not with anybody else, anybody else  
It's enough just to keep us occupied  
Please don't go  
I would love just to be stuck to your side  
Not with anybody else, anybody else no  
It's enough just to keep us occupied  
Please don't go

(Not with anybody else, anybody else)  
(Please don't go)
