Rex Orange County

I hope he's not a threat to me
But I'm still gonna feel it
I don't believe it
I can achieve it
I hope he's not a threat to me
But I'm still gonna feel it
I don't believe it
I can achieve it
I hope he's not a threat to me

We could wait for weeks
I'm gonna be right here over thinking through
I could be the only one
But I might not be him and it drives me too wild
I'm thinking of a man much more than I

Waking up fast in the morning
Summertime, meet me in the garden, somewhere I
I'ma be honest, I don't wanna keep you in a boring life

I can pick up when you're calling
Keep it real with you always
We can take it real slow now
I can speed it up, oh

There's different people here now
(There's different people there)

I hope he's not a threat to me
But I'm still gonna feel it
I don't believe it
I can achieve it
I hope he's not a threat to me
But I'm still gonna feel it
I don't believe it
I can achieve it
I hope he's not a threat to me
