

Simply Jessie

Rex Smith

And I don't know how I knew it
But I knew it somehow
You're the answer to the question
No one's answered till now
And I don't know what you see
What you see in me
Girl, it's nothing to what I see in you

Stars that glisten
Lips for kissin'
Honey, listen, it's true
No one ever loved you better
I love ya, honey

And I've known a girl or two
But none of them was you
And they could never be what you are to me

Stars that glisten
Lips for kissin'
Honey, listen, it's true
No one ever loved you better
I love you, honey, I love you

I love you
I love you
I love you
I love you
