

# Sway

Rex Smith

Sway, sway with you, babe  
Sway, sway with you, babe

Midnight magic's got the best of me  
Crazy music everywhere  
My feet won't listen to the rest of me  
It's the moonlight madness in the air

And now the time has come  
(Time has come)  
And I'm ready (ready)  
I'm ready to sway, sway with you babe

Join the samba people in the street  
Sidewalk dancing in the night  
Swing your baby in the crazy heat  
Cast your spell on me tonight

And now the time has come  
(Time has come)  
And I'm ready (ready)  
I'm ready to sway, sway with you, babe  
Sway, sway with you babe  
Like the music, like the music  
Play what you want to play  
Everybody sway, sway  
With your babe
