Rexx Life Raj

Look

Gimme got shot with a Glock but he resurrected
Obligations that come with blessings
When I start making business calls for breakfast shit is reckless
I feel like
Everybody wants something from me
(Everybody)
Everybody wants something from me
(Everybody)
Phone calls twenty-something read missed calls
Since when have all y'all been involved?
The more I make withdrawals
The more they come back like withdrawals
I feel like
Everybody wants something from me
(We all want something)
Everybody wants something from me
(We all)
But you don't want nothing
You just want freedom, you just want me though
You just want honesty and less ego
Either I'm arrogant or hella sick
Pick the lesser of two evils
I might pick you up in a few
Pick it up when I call you
Don't need nothing at all leave those
Problems at the joint, we don't even need a joint
When you can be like a placebo

You're nothing less than perfect
You're ready and you're worth it
You don't need nothing from me
I still want to give you all of it, still want to give you all of it

You're nothing less than perfect
You're ready and you're worth it
You don't need nothing from me
I still want to give you all of it, still want to give you all of it

And

I don't mind giving you my loving
Just don't give my loving away
(Away, away)
(Away, away)
And I don't mind
If you act like its nothing
But your love is something to me
Heyyyy
Yup
Heyyyy
I don't mind
I don't really mind giving you my love (Giving you my love)
I don't really mind giving you my love (Don't give my loving)
I don't really mind giving you my love
And I don't mind (I don't really mind giving you my love)
Giving you my loving just don't give my loving away
I don't really mind giving you my love

I don't really mind giving you my love
I don't, I
I don't really mind giving you my love
Don't give my loving away
I don't really mind giving you my love
Just don't give my love away
