

Flightman

Rexx Life Raj

Flightman, I've been taking flight
I'm everything they said I am, please believe the hype
I'm the flightman, I've been taking flight
If you put me in, I'm making plays, put that on my life, ay

Flightman, I've been taking flight
I don't rock the ice, diamonds in my mind like the ice man
[?] in a fight, man
Make sure it sound alright, man
They don't do what I can, no sir
Young black business old nerd, woah sir
Brought the team with me like a [?], woah sir
Hop out the porch and got straight to the cash
No wonder you broke, you just sit on your ass
I see that you really don't want it that bad, I want it, I want it
I see in the future, I'm living my vision, I'm already on it
Fuckers who sleep, I'll do that when I'm old, it's like 4 in the morning

Flightman, yeah
Up all night man, uh
If they ask you, you know who I am, I'm the-

Flightman, I've been taking flight
I'm everything they said I am, please believe the hype
I'm the flightman, I've been taking flight
If you put me in, I'm making plays, put that on my life

Take off shawty, watch me take off
Take off shawty, watch me take off
Flightman, flightman, flightman

Pilot man I'm climbing, altitude higher
Attitude like fuck you I'm a diamond
Glow within while your surface shiny, plus the touch is Midas
Dawg imagine my water landing, I'mma surf this Audi
Word to Khary, I break ground with these space jams
And y'all pick apart the words and learn the story
Lyrics dope, my middle name Jabari
I don't waste my time with saying sorry
Speak the truth, they think I'm playing, hardly
Wanna go against me, need a army
Can't shoot down my flight without a fleet
Used to bitch about what I ain't had
Got up off my ass and on my feet
Ay, I am what niggas pretend to be
I am a sailor with symmetry
Balance and plus an advantage, I came with propellers, imagine the imagery
Canvas with color and candles, I pray for my niggas, I dab on my enemies
Don't waste no energy, who they think got is most lift as me
I am the-

Flightman, I've been taking flight
I'm everything they said I am, please believe the hype
I'm the flightman, I've been taking flight
If you put me in, I'm making plays, put that on my life
