

You know, that's the whole deal man
And that will make your audience grow bigger
And more in tuned to you
Because then, you got substance

I run from demons, I run from my problems
Sometimes it's way too much to acknowledge
Cold world don't judge me, no
Cold world don't take my soul
It's only up when you've been at the bottom
Bottom's up when I touch every bottle
Let all my worries go
Feelings they'll never know

Paradise, paradise
Give me a ticket to paradise
Paradise, paradise
A one-way ticket to paradise

Everyone say I've distant
I've been manifesting these visions
I see manifestos when I write
Getting foresight from my hindsight
They come at you from the blind side
When they see your name lit under limelight, get your mind right
So you don't fuck it all from the time right
I see jealousy on you, envy in your face
I feel it all in your handshake
Cause they treat me like God
I've been moving mountains, you see me changing the landscape
Landmine, I'm on the landmine
I still don't know what I'm looking for
I still don't, but I'm hoping I can find

Paradise, paradise
Give me a ticket to paradise
Paradise, paradise
A one-way ticket to paradise

Tryna to find my way, tryna find my way
I've been letting go of my yesterdays
Searching I've been, searching I've been
Trying to find a purpose I know
Paradise is on the mind, paradise is on my mind
I've been on my own, I've been on my own
Watch it all bloom 'till it's overgrown
I'm searching I've been, searching I've been
Trying to find a purpose I know
Paradise is of the mind, paradise is in my mind, yeah
Paradise is in my mind, paradise is in my mind
Paradise is of the mind, paradise is on my mind
