

Silver Linings

Rexx Life Raj

Ekzaktly
Ayy, look

Please don't switch up on me, love is precious
Let's put our money together, move out, [?] in Texas
Stackin' up all this bread, let's go make investments
Real estate investments, double up our blessings
[?] your loyalty and never come in questions
Know I had flaws in my past but you see progression
It's all about timing, I've been making diamonds out of silver lining
s, yeah

Real shit, uh
We gettin' masks and all of this shit will get away, uh
[?] sometimes so I can feel shit, uh
Better than Xannies but I have some pop to [?], uh

Hope this shit I deal with in my head don't spill out and infect all
the people I love
Check on the strong ones 'cause sometimes the strong ones can't always
be tough
Yeah, puttin' a mask on, huh
Niggas just act strong, huh
They don't be that strong, huh
I've been subliminal settin' the signals, hopin' you catch 'em, huh
I ain't expect shit but a tap in or check call
Told you about my mama and all of the effects about her
That was a year ago, my nigga how many times you ask about her?
But niggas be quick to hit my phone whenever they track about her
Or some cash about her, whenever you had a problem
I was there when you need me
When I needed you I felt cheating
Still give you my heart after bleeding, yeah
Sometimes it turns love in misleading
Sometimes I think all may come back 'round for the ones I might have
let down
That used to be in my life, it ain't go right, they feel left out
It's hard to see your blessings when you're stressed out
Still sendin' my love to the ones I got left now, ayy

Please don't switch up on me, love is precious
Let's put our money together, move out, [?] in Texas
Stackin' up all this money, let's go make investments
Real estate investments, double up our blessings
[?] your loyalty and never come in questions
Know I had flaws in my past but you see progression
It's all about timing, I've been making diamonds out of silver lining
s, yeah
