

# Exploitation

Rey Valera

Exploitation  
Exploitation  
Exploitation

How would you let them use you?  
How they sell your body and soul?  
Why can't I just let it be?  
This feeling I have inside  
Is it love or is it really

When will we ever learn  
My heart is bleeding for every cent you earn  
You know what it's like to be free  
And what do I feel for you  
Is it love or is it really

Exploitation, this love can't be unkind  
We can still leave your past behind  
Exploitation, where innocence is singed  
There's still a future that lies ahead  
You have the right to be free  
So don't look back, don't let them stop you now

Exploitation, this love can't be unkind  
We can still leave your past behind  
Exploitation, where innocence is singed  
There's still a future that lies ahead  
You have the right to be free  
So don't look back, don't let them stop you now
