

All The Time

REYKO

It's such a joy
To be swimming in the ocean
Of your wildest imagination

Oh, what a thrill
To be floating like a feather
Among the finest of your creations

It's not obsession what I'm after
Nor is fixation for that matter
I'd like to call it
Just a little bit
Of direction

I want you to think about me all the time
I want you to dream about me all the time
I wanna linger in your mind
Everyday and every night
I want you to think about me all the time

I get a buzz
When I'm cruising like a whisper
Through your conscience's forbidden alleys

I like being your Daisy
And you my Jay Gatsby
Or your Satine in bohemian Paris

It's not obsession what I'm after
Nor is fixation for that matter
I'd like to call it
Just a little bit
Of direction

I want you to think about me all the time
I want you to dream about me all the time
I wanna linger in your mind
Everyday and every night
I want you to think about me all the time

All the time
All the time
All the time
