

# Midnight Sunshine

REYKO

Alrighty  
Ooh  
Reyko was a lucky man

There's something mystic blowin' through the air  
Could this be real or just inside my head?  
I hear the sounds, I see the stars turnin' blue  
Shinin' through all the night (Shinin' through the whole night)

I know that we could be closer to eternity (Come on now, come on)  
Where all our dreams bled into reality (Come on now, come on)  
I hear the sounds, I see the stars turnin' blue  
Shinin' through all the night (Ah, yeah)

Take me to the midnight sunshine  
Let me feel the midnight sunshine  
Take me to the midnight sunshine  
Take me there tonight  
Take me there tonight

Midnight sunshine  
(Midnight sunshine)

I wanna take you to a better place, to a better place tonight  
Baby, baby girl, come on up, baby, come on now, let's take flight  
And if I'm to ever leave you in the morning  
Girl, I'll be back home, back home tonight  
I wanna be with you, my baby  
Even though you know you drive me crazy

Take me to the midnight sunshine  
Let me feel the midnight sunshine  
Take me to the midnight sunshine  
Take me there tonight  
(Tonight)  
Take me there tonight

Take me to the midnight sunshine  
Midnight sunshine

Let me feel the, let me feel the light in you  
In the distance  
Till you beside me, yeah  
Let me feel the, let me feel the light in you  
In the distance  
Till you beside me, yeah

Take me to the midnight sunshine  
Let me feel the midnight sunshine  
Take me to the midnight sunshine  
(Let me feel the, let me feel the light in you)  
Midnight sunshine  
(In the distance)  
(Till you beside me, yeah)  
Midnight sunshine  
(Let me feel the, let me feel the light in you)  
Midnight sunshine

In the distance  
Till you beside me
