

Panic

REYKO

Panic in the air
Panic everywhere
Nothing you can do
'Cause everywhere you turn there's panic

Panic on the move
Panic coming through
No one really knows
Why everything's becoming manic

Panic in the air
Panic everywhere
Nothing you can do
'Cause everywhere you turn there's panic

Panic on the move
Panic coming through
No one really knows
Why everything's becoming manic

Now you're feeling scared
Feeling unprepared
'Cause you realized
That a sudden change is coming

Now you're feeling scared
Feeling unprepared
'Cause you're close to seeing
What the other side is hiding

Just don't panic

Panic in the air
Panic everywhere
Nothing that you do
Is stopping you from feeling restless

Turning up and down
Looking all around
Trying to remember
Why did all become so senseless

What is this about?
You're asking out loud
Everything is getting
Bigger than you could imagine

Are you gonna run
Are you gonna hide
Face the situation
Or ignore it like it never happened

Now you're feeling scared
Feeling unprepared
'Cause you realized
That a sudden change is coming

Now you're feeling scared
Feeling unprepared
'Cause you're close to seeing
What the other side is hiding

Just don't panic

Just don't panic
Just don't panic
Panic in the air
Panic everywhere
