

Falling

Rezz

Is it enough that I feel like I'm falling?
Is it enough that I can't stay?

I don't wanna be like this
I don't wanna be like this
I don't wanna be like this
I don't wanna be like this
I don't wanna be like this

Is it enough that I feel like I'm falling?

Caught in the middle
This is the middle
Caught in the middle
This is who I wanna be
Caught in the middle
This is the middle
Caught in the middle
This is who I wanna be

Suffer like this
Suffer like this
Suffer like this
Suffer like

Is it enough that I feel like I'm falling?
Is it enough that I can't stay?

This is what it's like to be who you wanna be
You wanna be, you wanna be
This is what it's like to be who you wanna be
Caught in the middle
This is what it's like to be who you wanna be
You wanna be, you wanna be
This is what it's like to be who you wanna be
Caught in the middle

Caught in the middle
This is the middle
Caught in the middle
This is who I wanna be
Caught in the middle
This is the middle
Caught in the middle
This is who I wanna be
