Lost

Rezz

What a beautiful world to be anything but alone
I can't find a cure, I'm solely losing control
How am I supposed to feel when nothing seems real?
Who I'm supposed to be when everything I love falls away from me

Why did you chase me if you would erase me?
Why would you hold me just to watch me drown?
Why would you taste me, slither and snake me?
Why would you morph me, oh, tell me, am I lost?

Am I lost, am I lost, am I lost, am I lost
Am I lost, am I lost, am I lost
Oh, is the darkness fond of me?
Am I lost, am I lost, am I lost, am I lost
Am I lost, am I lost, am I lost
Oh, this is where I'm meant to be

Soften me once more with those mesmerizing eyes
Twist around your tongue, clouding me with lies
I cut myself open to give it all to you
Let you poison my thinking
And you love it, I know you do

Why did you chase me if you would erase me?
Why would you hold me just to watch me drown?
Why would you taste me, slither and snake me?
Why would you morph me, oh, tell me, am I lost?

Why did you chase me if you would erase me?
Why would you hold me just to watch me drown?
Why would you taste me, slither and snake me?
Why would you morph me, oh, tell me, am I lost?

Am I lost, am I lost, am I lost, am I lost
Am I lost, am I lost, am I lost?
Oh, is the darkness fond of me?
Am I lost, am I lost, am I lost, am I lost
Am I lost, am I lost, am I lost
Oh, this is where I'm meant to be
