

Glory for Salvation

Rhapsody of Fire

"Watch your step Namecid, don't you fear prophecies?
Dark omens incoming, Kreel is here for your head!
Watch your step Namecid, don't you fear prophecies?
Dark omens incoming, Kreel is here for you!"

Lost Eternal Snow, the Winterland
Freezing winds and cold to serve my Lord

I'm fearless in white fields of silence
I'm dealing with pain
Cause I've been accustomed to violence
Complete in my bane

Accomplishing the prophecies
(Testimoni inermi del destino sentinelle astrali
Cieca l'ira il cuor disperse)
Destroyer of dark heresies
(Anime silenti sempiterne voci celestiali
Sangue sparso d'innocente)
I'll stain the snow with his blood
Glory for Salvation

Silent snake: the time has come!
Nemesis of Bezrael there's no escape

The story goes that you're a monster
My quest is to kill
The diaphanous ancient Cathedral
Is shaking my will

His harmless eyes confounding me
(Testimoni inermi del destino sentinelle astrali
Cieca l'ira il cuor disperse)
Without a word forgiving me
(Anime silenti sempiterne voci celestiali
Sangue sparso d'innocente)
By my faith, you shall die
Glory for Salvation

The Prophethood of the Southern Cross
(Testimoni inermi del destino sentinelle astrali
Cieca l'ira il cuor disperse)
Why should I kill a Holy man?
(Anime silenti sempiterne voci celestiali
Sangue sparso d'innocente)
I'll stain the snow with his blood
Glory for Salvation
