

Infinitae Gloriae

Rhapsody of Fire

Flames raging high in the sky
She died for you
Treacherously killed by my Lord
She died for you
Chained in the Abyss of Pain
I wasn't there to protect you Vardagwen

Vinto dal dolore
Reo di troppa pietà

May the secret sand of Aarnsendt
Forgive what I did so I'll take my revenge
May the hawk of ice, my Terial
Forgive what I've been
Cause I'm lost, patronized by my lord

I'm covered in blood
You fell from grace
Cursed by those eyes in my dreams
You fell from grace
The power of magic corrupted me deep inside
Doubts are shakin' my faith

Infinite angosce
Il cuor dimostra virtù

May the secret sand of Aarnsendt
Forgive what I did so I'll take my revenge
May the hawk of ice, my Terial
Forgive what I've been
Cause I'm lost, patronized by my lord

Infinitae gloriae
Per Invincibili eroi

May the secret sand of Aarnsendt
Forgive what I did so I'll take my revenge
May the hawk of ice, my Terial
Forgive what I've been
Cause I'm lost, patronized by my lord

I feel something's changed
Newborn hero
