

# Maid of the Secret Sand

## Rhapsody of Fire

Surrounded by whirlwinds of sand  
Columns made of air  
Down the aisle I can see  
My enemy

This masquerading won't help  
So show me yourself  
(Show me yourself)  
Face me and fight if you dare  
I'm here for you, for the will of Bezrael

Dazed by those enchanting eyes  
Pure creation Vardagwen  
I will let the sun to rise  
Over your shiny desert lands  
Maid of the secret sand

My enchantress, my muse  
I'm not worthy of touching you  
You, Protector of Knowledge  
Have entered my heart

My fate is sealed by the Lord  
But I'll take a chance  
(I'll take a chance)  
Heaven's my witness I swear: stay out of sight!  
I'm afraid I'm loving you

Dazed by those enchanting eyes  
Pure creation Vardagwen  
I will let the sun to rise  
Over your shiny desert lands  
Maid of the secret sand

Since I met your smile  
I knew that my quest is failed  
On my pride I promise you  
I won't shed your blood

My fate is sealed by the Lord  
But I'll take a chance  
(I'll take a chance)  
Heaven's my witness I swear: stay out of sight!  
I am scared I'm losing you

Dazed by those enchanting eyes  
Pure creation Vardagwen  
I will let the sun to rise  
Over your shiny desert lands  
Maid of the secret sand  
My love
