

The Bloody Pariah

Rhapsody of Fire

Pain has gone too far, beyond any cry
Vanished dreams and hopes, she'd rather have died

She cries for this is her destiny
She cries condemning an innocent

And now the child has grown
The unholy sorrow has grown as the mighty unknown
Day by day from dusk to dawn
The unholy sorrow, the bloody Pariah

They went their separate ways in the cold hand of fate
Same blood, same old blaze from the cradle to the grave

The one is known by the name of Kreel
The other was raised by an evil will

And now the child has grown
The unholy sorrow has grown as the mighty unknown
Day by day from dusk to dawn
The unholy sorrow, the bloody Pariah
The bloody Pariah

I tried, I swear that I tried so hard
The blood of my blood is my enemy

And now the child has grown
The unholy sorrow has grown as the mighty unknown
Day by day from dusk to dawn
The unholy sorrow, the bloody Pariah
The bloody Pariah
