

# The Cheese Rap

Rhett & Link

Why you up in this store? What you looking for? Cheese?  
I'm cheddar, I'm much better than the rest of these  
Don't speak too fast, you need to get a load of dis. I'm Swiss  
Alright, white boy, they get the gist...  
Got more holes in my body than my boy 50-cent  
Curdled on the streets - Geneva represent!  
We're Vinny and Louie forget about the other cheeses  
We're so hardcore, you gotta grate us to eat us  
You other chumps are weak  
If you ask me  
I can bring you to your knees with my pungency  
I'm not weak I'm strong  
I'll add flavor to your salad all night long

We know you want to put us in your mouth and chew, don't you? We know you do!

I'm old, I'm stuck in my ways  
I'm stuck in you're teeth and in you're breath for days  
Baaaaaaaaaah  
I got mo' flavor then y'all  
I make a wicked cheese ball  
My hobbies include doing bird-call  
Can someone take over for me?  
I'm living large in a condo  
If I break a hip don't put me in a home bro  
But paps, you don't even have a hip though  
Ohh  
This is breaking my heart, just tell them what they want yo

We know you want to put us in your mouth and chew, don't you? we know you do!

We know you want to put us in your mouth and chew, don't you?  
You know, we know, we know you do!

- So, what kind of cheese you wanna get?  
- I don't think I'm in the mood for cheese

You know, we know, we know you do
