

Already There

Miller, Rhett

The getaway car took us this far
Before she gave up the ghost
Eight thousand feet and the stillness is complete
Still a full day from the coast

Gimme a home where the buffalo roam
And the deer girl sleeps 'til noon
And the nylon strings and the campfire sings
Cracklin' 'neath the light of the moon

We landed here by accident
Perhaps there's no such thing

Hear the silence miles away
On the alpine air
I'm not going crazy baby
I'm already there

I lost my pride in the great divide
Wound up here with you
We're a couple of leaves in a great big sea of trees
Falling is what we do

We landed here by accident
Perhaps there's no such thing

Hear the silence miles away
On the alpine air
I'm not going crazy baby
I'm already there

We landed here by accident
Perhaps there's no such thing

Hear the silence miles away
On the alpine air
I'm not going crazy baby
I'm already there
I'm not going crazy baby
I'm already there
