

# Wheels

Miller, Rhett

It's a beautiful day  
And the sun is shinin'  
And the wheels go 'round  
Yeah the wheels go 'round  
Pine trees sway  
And the sun keep climbin'  
And the wheels go 'round  
Yeah the wheels go 'round

Don't stop movin'  
Honey, don't slow down  
We'll live forever  
'Long as the wheels go 'round

It's a marvelous night  
The moon is in heaven  
The stars have all died  
But they're shining so bright  
Wherever you go  
I'll be with you forever  
Right by your side  
For the entire ride

Don't give up yet  
Honey, don't get down  
We'll be together  
'Long as the wheels go 'round

Don't stop movin'  
Honey, don't slow down  
We'll live forever  
'Long as the wheels go 'round

Don't give up yet  
Honey, don't get down  
We'll be together  
'Long as the wheels go 'round
