

Christmas Time at Home

Rhonda Vincent

Flyin' home for Christmas
It's been planned for several months
I count the days 'cause I just can't wait
To see the sights of home

Growing ever anxious
As I watch the falling snow
My begins to travel
To a time, so long ago

Like popcorn strings, and hand made things
Socks hangin' on the mantle
Turkey bacon, decorations
Hand-dipped candy apples

All the plays and happy time
Our faces all aglow
As we pray to God for blessings
On our Christmas time at home

Soon I'll be with family
Precious time, we spend together
Laughin', sharin' memories
Of the moments we still treasure

The spirit of the season
And the joy and love it, brings
As I travel home for Christmas
And enjoy the simple things

Like candy canes and hand made things
Socks hangin' on the mantle
Turkey bacon, decorations
Hand-dipped candy apples

All the plays and happy time
Are faces all aglow
As we pray to God for blessings
On our Christmas time at home

Like popcorn strings, and hand made things
Socks hangin' on the mantle
Turkey bacon, decorations
Hand-dipped candy apples

All the plays and happy time
Are faces all aglow
As we pray to God for blessings
On our Christmas time at home
